SUMMARY OF REVISIONS

This change incorporates IC 2004-1 (Attachment 2), updates the certifying official and approval authority, formally prescribes AU IMT 197, **International Officer School Certificate/Diploma**, into subject document in order to be compliant with AETC directives (paragraph 3.2.1.8), and updates paragraph 8.2. A star (★) indicates a revision from the previous edition.

2. General Information. Air University supports US national security goals by conducting international activities which further coalition warfighting capability, enhance collective security and regional stability, and foster international cooperation. HQ AU/IA oversees these activities, providing assistance to AU organizations (including Air Force Institute of Technology (AFIT)) and international officers (IO) and their families, and visitors to AU. Further, HQ AU/IA provides a central point of contact for international matters to aid AU/CC in accomplishing the AU mission.

3. Responsibilities and Procedures.

In performing these responsibilities, an IMSO is authorized to communicate directly with the Air Force Security Assistance Training (AFSAT) and United States Air Force functional manager. IMSOs are required on station at both AU and AFIT.

3.2.1. The IMSO:

★ 3.2.1.8. Upon completing the IFOP program, individuals will be issued a certificate of completion on AU IMT 197, **International Officer School Certificate/Diploma**.

3.3. International Liaison Officers (ILO). ILOs represent individual school's interests and concerns with IMSs to the IMSO to meet AU international program goals. ILOs directly interface with IMSs and coordinates between their school and the IMSO.

3.3.1. The ILO:

The interfacing publication, AFI 16-201, *Disclosure of Military Information to Foreign Governments and International Organizations (C)*, provides specific guidance. AFIT/IA is responsible for AFIT foreign disclosure issues and receives further policy guidance from HQ AU/IAD. AFIT deans conduct a first-level screening of materials requested for release. Upon completing their review, they forward a written recommendation of release or non-release with requested materials to AFIT/IA for final determination.

3.5. International Policy and Programs Branch (HQ AU/IAP). HQ AU/IAP is responsible for policy guidance and program execution of AU international programs, including but not limited to, the personnel exchange program (PEP), travel and lecture teams, and regional contact programs, consulting, instructing, symposia, and conferences. AFIT/IA is responsible for AFIT programs and receives additional policy guidance as required from HQ AU/IAP.

4. Foreign National Visits. The Director, International Affairs, has staff supervision of all AU international visitor programs. Official visits by foreign nationals to AU normally are pre-approved by the Under Secretary of the Air Force for International Affairs, Disclosure Division (SAF/IAPD) in accordance with AFI 16-201.

4.1. HQ AU/IA is informed of all foreign visit requests, including direct requests to individual organizations and invitations by AU units or agencies. HQ AU/IAD is responsible to clear visits with SAF/IAPD through AETC Foreign Disclosure channels.

4.2. AFIT/IA is informed of all AFIT foreign visit requests, including direct requests to individual organizations and invitations by AFIT units or agencies. AFIT/IA is responsible to clear visits with SAF/IAPD through AETC Foreign Disclosure channels.

4.3. Responsibilities for hosting international visits fall into one of three categories:

4.3.1. International visits that include general officers or civilians of equivalent rank. AU or AFIT Protocol, respectively, is OPR for visit; HQ AU/IAD or the AFIT IMSO identifies the POC to SAF/IAPD through AETC Foreign Disclosure channels.

4.3.2. International visits of colonels and below or civilians of equivalent rank visiting multiple organizations. HQ AU/IAD or AFIT/IA, as appropriate, provides visit purpose, background, US policy goals and other information to aid organizations in visit

preparations. Each organization visited supplies a POC and HQ AU/IAD or AFIT/IA coordinates on the visit through AETC Foreign Disclosure channels.

4.3.3. International visits of colonels and below or civilians of equivalent rank visiting a single organization. The hosting organization designates a project or escort officer; AU/IAD or AFIT/IA identifies the POC to SAF/IAPD through AETC Foreign Disclosure channels.

4.4. Project officers coordinate with HQ AU/IAD and HQ AU/IAP on details of the visit itinerary, disclosure and visit clearance.

5. Regional Military Contact Programs. These programs are established to enhance US security objectives by promoting a democratic orientation of regional military forces and increasing US access and influence in a particular region. AU supports these programs by providing teams for exchanges and by hosting visiting groups.

5.1. HQ AU/IAP is the lead agency for all regional military contact events and coordinates requirements and scheduling with other AU organizations. AFIT/IA provides support for AFIT involvement by coordinating directly with HQ AETC on such events.

5.1.1. HQ AU/IAP designates a POC for all regional military contact events. This POC is responsible for initial coordination of the event, support for the AU team members, consolidating and submitting the after action report to HQ AU/IAP within 10 days.

5.1.2. HQ AU/IAP provides a checklist, travel orders, and helps secure country and theater clearances to assist AU team members participating in regional contact programs.

5.1.3. Requests for AU participation in regional military contact programs, including lectures, symposia and conferences, are coordinated with HQ AU/IAP or AFIT/IA.

5.2. Participants in regional military contact programs are responsible for:

5.2.1. Obtaining passports, visas, and immunizations.

5.2.2. Ensuring HQ AU/IAD or AFIT/IA has cleared all materials to be presented for foreign disclosure.

5.2.3. Assisting with reciprocal events hosted by an AU organization if they were AU travel team participants who visited that country.

6. Personnel Exchange Program. HQ AU/IAP is OPR for all exchange program requests and coordinates with AU organizations participating in the program to update position descriptions, request new positions, or eliminate an existing position.

7. Foreign Disclosure. It is US Government policy to treat classified and unclassified military information as a national security asset to be shared with foreign governments and international organizations only where there is a clearly defined advantage to the United States. It is also US policy to avoid creating a false impression of its readiness to make available military material,

technology, or information. SAF/IA holds Air Force disclosure authority. Disclosure authority is delegated to Air Force MAJCOMs by means of a delegation of disclosure authority letter (DDL). AETC has redelegated disclosure authority for AU to HQ AU/IAD and for AFIT materials to AFIT/IA.

7.1. Requests for documents containing United States Air Force military information must be submitted in writing to HQ AU/IAD or AFIT/IA. Ideally, requests should be from an appropriately authorized foreign government agent or agency, for example, the country's accredited military attaché.

7.2. Foreign disclosure review does not apply to information previously reviewed by Public Affairs for security and policy and subsequently cleared for release into the public domain, nor does it apply to information previously released under the Freedom of Information Act.

7.3. All AU school course materials issued to foreign students are reviewed for releasability by HQ AU/IAD or the AFIT/IA, respectively. Once materials are cleared for disclosure, foreign students require no further authorization to obtain course materials.

7.4. Guest lecturers are notified by the respective visited organization if foreign students are present in lectures. The lecturer is responsible to ensure that the material presented meets disclosure criteria.

7.5. HQ AU/IAD coordinates on PEP position descriptions and maintains all requisite classified delegation disclosure authority letters (DDL) covering those positions through AETC MAJCOM Foreign Disclosure Office.

8. Student Award of AU Badge and Certificate (AU Form 404, Air University Badge). The AU Badge and a certificate, signed by the AU Commander, is awarded to international students upon completion of a Professional Military Education (PME) or Professional Continuing Education (PCE) course at Air University. Only one badge and certificate will be awarded per student regardless of the number of courses attended per tour. Students can earn an additional badge and certificate for completion of a subsequent in-residence course. AU will not be responsible for replacing lost or damaged badges of former students. Individuals will be advised where they may purchase additional and or replacement badges.

8.1. Ordering AU Badges is the individual responsibility of AU/IA and AFIT/IA. Badges are ordered directly from the manufacturer, The Supply Room, in Anniston Alabama. AU/IA is responsible for the printing and distribution of certificates (AU Form 404). Requests for certificates are submitted to HQ AU/IA at least sixty days in advance of need.

★8.2. Prescribed Forms/IMTs: AU IMT 197, **International Officer School Certificate/Diploma**; AU Form 404, **Air University Badge**. Adopted forms: AF Form 475, **Education/Training Record**.
